### Ingredients:

- 1 1/4 cup all purpose flour
- 1/2 teaspoon baking powder
- dash of salt
- 1/2 cup granulated sugar
- 1/3 cup shortening
- 1 egg
- 1/2 teaspoon vanilla
- 3 drops oil of cinnamon (optional)
- 1/4 cup hard cinnamon candies, finely crushed

### Directions:

1. In a small bowl combine flour, baking powder, and salt; set aside. In a medium bowl beat sugar and shortening with an electric mixer on medium speed until fluffy. ## Resident's Piece of Pie

We would like to wish all of our residents a happy Valentine's Day! Thank you to those who joined us for our pizza and football party in January.

On Monday, February 13, from 2:30-4:30pm we will be hosting a Valentine's card making day for kids of all ages at the clubhouse! Parents can drop the kids off and pick them up.

This month we will also be hosting a chocolate and wine party on Thursday, February 16, from 5:30-7pm at the clubhouse.

Garages are still available this winter for only \$95.00 a month. You are not required to rent the garage throughout your lease term. Stop in at the office for more information!

Please remember to move your cars to the designated areas on days that we receive snowfall. Extra snow maps are available at the office.

## Maintenance Tips

- 1) Save your doormat! If they are left out by your door during the winter months they can get stuck in the snow blower and get damaged.
- 2) We have been noticing that some of the dog stations are becoming very full. If you notice that a bin is getting too full please contact the office to have maintenance come and empty it.
- 3) Reminder to please pick up your own doggie doodie and discard of it appropriately. This is why we have dog stations.
- 4.) Our maintenance team offers free weather stripping every winter. Contact us if you would like your windows or doors sealed.
- 5.) If you are out of town, remember to keep your heat set at 55 degrees or higher to prevent the pipes from freezing.

## Responsible Pet Owner's Month

The Humane Society of the United States estimates that six to eight million cats and dogs end up in the animal shelters each year. Spraying and neutering not only helps control animal population, but it can also protect dogs and cats from various diseases, including cancer.

Train your dog, by training and socializing your dog this will reduce the chances of them getting lost or ending up in a shelter.

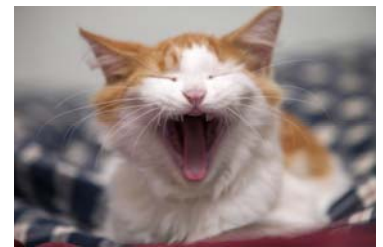

Feed your pet a well balanced and nutritious diet. With a little research you can find a lot of information on food, and the food that would be best for your pet.

Clean up after your dog. Bring baggies while you go for a walk with them. It is very irresponsible and unhealthy to not clean up dog waste. It's also against the law!!

Groom your pets on a regular basis. Keep your pet's coat clean with regular trimmings if required, nails trimmed, ears cleaned and teeth free from plaque and tarter.

Give your pet plenty of exercise and feed proper diet to protect against various diseases. This can boost immune system.

Keep your pet up-to-date with identification tags on their collar.
